

LAND O LAKES® Calf Insure® Calf Supplement

Supports a healthy gut microbiome

- ✓ Includes a special blend of probiotics and prebiotics as well as antioxidants
- ✓ Supports gut health and provides immune support in pre-weaned calves

Available in an 8-lb. pouch and a 25-lb. pail

What's so great about the gut?

Seventy percent of a calf's immune system occurs at the gut level. A healthy gut microbiome helps calves break down nutrients for energy and address health challenges.

LAND O LAKES® Calf Insure® Calf Supplement

Features	Benefits
Probiotics and prebiotics	Helps support a proper balance in the gut microbiome.
Antioxidants, including Victus® Calf , and vitamins B and C.	Supports immune function.
Non-medicated	Does not require a Veterinary Feed Directive (VFD) and has no withdrawal period.

Victus® Calf

- Is protected inside a water soluble orange beadlet.
- Remains stable within the dry form of Calf Insure® supplement and is released when mixed with water.
- Will create an orange liquid when mixed properly (Two minutes of vigorous mixing with a wire whip in 120°F water).

Feeding considerations:

-  Do not mix with colostrum.
-  Begin feeding with the first milk feeding after colostrum and continue for 14-21 days.*
-  Can be mixed with pasteurized milk or calf milk replacer.
-  Always provide fresh, clean water beginning on day two.

*Always follow label directions
